

## Adjustments for Private Client Group Auto Policyholders

AIG Private Client Group is providing adjustments for its automobile policyholders in response to the impact of COVID-19 on certain driving patterns. Please note the following:

- Subject to regulatory review and approval where needed, AIG Private Client Group automobile policyholders across the U.S. can expect a 25% credit back from their auto premium accrued during the two-month period of March – April 2020.
- The same credit will apply to active Premier Client Solutions auto policyholders.
- The average credit per vehicle is \$69. The average auto policy (including Premier Client Solutions) will receive a credit of \$159.
- This adjustment applies to all regular-use autos but excludes collector cars and miscellaneous vehicles as defined in the policy.
- Savings will be returned via an account credit upon each policy's renewal, applying to the next policy term. In some states, the premium credit may be applied sooner if required.
- If you are experiencing financial hardship and having trouble making premium payments, please contact myself or AIG's billing team for assistance: **(888) 978-5371**; [billing.pcg@aig.com](mailto:billing.pcg@aig.com).
